Response

We can confirm that we do hold the requested information.

Homes England's internal structure does not necessarily correlate to the teams listed in your request. Therefore, we have provided Homes England's complete, organisational-wide structure in order that you can extract the information you require.

Section 40 – Personal information

We are withholding the names of employees below director level on the grounds that it constitutes third party personal data and therefore engages section 40(2) of the FOIA.

To disclose personal data (names) would lead to the identification of third parties and would breach one or more of the data protection principles.

Section 40 is an absolute exemption which means that we do not need to consider the public interest in disclosure. Once it is established that the information is personal data of a third party and release would breach one or more of the data protection principles, then the exemption is engaged.
