

CONTENT OF SUBMISSIONS AND STANDARD TEMPLATES

Introduction

1. Schedule 17 to the High Speed Rail (West Midlands to Crewe) Act requires the submission of ‘plans and specifications’, ‘construction arrangements’, and ‘non-material changes’. Paragraph 10.1.1 of the Planning Memorandum, which all Qualifying Authorities will have signed and accord with, states: *‘The nominated undertaker shall submit requests for approval of construction arrangements, plans and specifications, and mitigation schemes in compliance with guidelines on standardised pro forma to be drawn up by the Forum’.*
2. This note provides details on the content of submissions to be made under the planning regime established by Schedule 17 to the Act and includes templates for the documents that will make up requests for approval.

Contents of Submissions

3. This note applies to plans and specifications (design of permanent works) under paragraphs 2 and 3, matters ancillary to development¹ (construction arrangements) under paragraph 4 and non-material changes to approval under paragraph 21. The content of these types of submission will be as follows:

Table 1: Content of Schedule 17 submission types

<i>Plans and Specifications</i>
<ol style="list-style-type: none"> 1. Submission Letter (for information) 2. Plans and Specifications Pro forma 3. Plans 4. Samples of materials/finishes, where appropriate 5. Supporting Information (for information) <ul style="list-style-type: none"> - Written Statement - Design and Access Statement, where appropriate - An indication of mitigation where reasonably necessary
<i>Construction Arrangements</i>
<ol style="list-style-type: none"> 1. Submission Letter (for information) 2. Construction Arrangements Pro forma 3. Construction Arrangements 4. Supporting Information (for information): <ul style="list-style-type: none"> - Written Statement - Construction sites plan
<i>Non-material changes</i>
<ol style="list-style-type: none"> 1. Submission Letter (for information) 2. Non-material Change Pro forma 3. Changes to plans and specifications or construction arrangements

¹ Approval to construction arrangements will only be required where the proposed arrangements are not included in the class approval made by the Secretary of State under paragraph 5 of Schedule 17, which related to the ancillary matters referred to in paragraph 4(2) (a), (b) and (d) to (g).

Standard Templates

4. The following sections provide details of the format and content of the standardised pro forma and submission letters. Templates of these documents are attached as appendices to this note.

Pro forma (see appendices A - C)

5. The submission proforma will act as a simplified planning application form. Separate pro formas have been created for plans and specifications, non-material changes and construction arrangements submissions. The pro formas for plans and specifications approvals, construction arrangement approvals and non-material change approvals are appendices A, B and C to this note respectively.

Submission Letter (see appendix D)

6. The submission letters will use standard wording, where possible, to emphasise that the application is being made under the High Speed Rail (West Midlands - Crewe) Act and not the normal Town and Country Planning Act (TCPA) legislation. The letters will introduce the submission, but will not contain too much specific information relating to the request for approval, as this will be covered in the Written Statement (see Planning Forum Note 3) and other accompanying documents.
