Comments

UDC Local Plan Policy GEN2 - Design (d) states" It helps reduce the potential for crime"

Whilst there are no apparent concerns with the layout to comment further we would require the finer detail such as the proposed lighting, boundary treatments and physical security measures.

We would welcome the opportunity to consult on this development to assist the developer demonstrate their compliance with this policy by achieving a Secured by Design Homes award. An SBD award is only achieved by compliance with the requirements of the relevant Design Guide ensuring that risk commensurate security is built into each property and the development as a whole.
