Subject: Ref S62A/2022/0012 Land East of Station, Elsenham

Dear sirs,

We live at [REDACTED] and horrified to see yet another proposed planning application for 200 further houses.

We both work and the journey through Elsenham and Stansted Mountfichet has become unbearable. We moved here in January 2021 and the roads can't take the increased traffic, they are full of pot holes and has already cost us a new tyre for my husband's van. There are no street lights and having 3 dogs which need regular exercise before I go to work more cars worries me greatly.

[REDACTED] and I know that the local schools are full - where are all the children going to be placed - the amount of cars parking outside our house at drop off and pick up is enough already!

The reason we moved here was because of limited facilities which will certainly not be able to cope with further residents.

We can't lose more agricultural land - it is absurd and the whole proposal will yet again have a detrimental affect on our quality of life.

We appose this Planning application and want are feelings known.

Kind regards
Sally and Dan Rowley
