Product Description	Cream-coloured stuffed teddy bear with a neck bow tie and a zip on back to access stuffing inside
Country of Origin	China
Counterfeit	Unknown
Risk Type	Asphyxiation, Choking
Risk Level	Serious
Risk Description	The product presents a serious asphyxiation risk as testing found that one side of the neck bow unravelled and measured at 450mm, which exceeds the maximum 300mm specified for a child under 18 months, and could therefore pose a potential strangulation hazard to young infants. The flexible plastic bag used for packaging has an area greater than 100mm x 100mm and the bag thickness measured as 0.010 ± 0.002 mm is less than the minimum 0.038mm specified, which further presents an asphyxiation hazard. The toy also fails to comply with 5.2(c) of EN 71-1 in that, the zip at the back of the bear can be undone, allowing access to the internal fibrous filling material which presents a choking hazard. The product does not comply with the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	The product has been rejected at the border.
