Re Land East of Station, Elsenham

Dear Planning Inspector,

I strongly object to the above proposal for a number of reasons:

The infrastructure in the surrounding area is unable to support such a development. It is already very limited - there have been several piecemeal developments over the last few years with no new infrastructure put in place.

The traffic situation in Stansted Mountfitchet is already totally unacceptable. A further 200 houses cannot be approved until measures have been taken to address this problem.

Why are we proposing to build on Grade 1 & 2 agricultural land if we, as a country are trying to be more self sufficient? It just does not make sense.

Please submit my objection,

Regards

Katrina Sweeney
