Product Description	Set of six coloured plastic donut shaped discs. The items can magnetically connect, and turn with have printed arithmetic around the edges.
Country of Origin	China
Counterfeit	No
Risk Type	Choking and Internal Injuries
Risk Level	High
Risk Description	The product has been identified as presenting a high risk of choking and internal injuries as the discs are small parts as received. A young child may put a small part in its mouth and the parents may notice in time, so the small part can block the child's airways and cause the child to choke. The magnetic toy was also found to have a magnetic flux index of 156.66 KG ² mm ² , greater than the maximum permissible level of 50 KG ² mm ² . Small, high-powered magnetic products can be easily swallowed and, when ingested, have the potential to cause serious internal injuries within the gastrointestinal tract. The product does not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	OPSS are requiring the recall of the product from end users.
