6. DESCRIPTION OF SITE:			
<p>Area of open rough grassland. There are numerous tracks and storage units across the site in various states of repair. It is behind a fence and signs advise that there is no public access.</p>			
7. HECTARAGE OF DIRECTION: 37.69			
8. DESCRIPTION OF MILITARY USE:			
<p>The site is used for temporary storage of fuels and flammables and is classed as a secure site. It is envisaged that this site will remain secure for the foreseeable future.</p>			
9. CURRENT PUBLIC ACCESS:			
<p>There is no public access to the s28 area.</p>			
10. REASON FOR DIRECTION (tick all relevant)			
Training efficiency		National Security	x
Training safety			
Public Safety	x	Other	
Please provide justification:			
<p>This area lies within a fuel and flammable storage area. Public access is not permitted for reasons of safety and defence security</p> <p>Whilst the military storage use of this site has reduced since the 2017 review there remains a requirement to keep public access to this site restricted. This is to ensure the public are protected from any residual chemicals and risks on site. The continued application of a s28 direction will NOT impact upon the single public right of way crossing the site as agreed during the initial review.</p>
