Subject: S62A/22/0005 Canfield Moat, High Cross Lane West, Little Canfield, Dunmow, Essex,

Objection too
S62A/22/0005 Canfield Moat, High Cross Lane West, Little Canfield, Dunmow, Essex, .

Dear sirs

I'm not totally against the redevelopment of canfield moat but I believe this scheme is too many new dwellings for the existing road high cross lane west to cope with especially the hump back bridge over the flitch way In practice we are talking in excess of 30-40 minimum more cars in the area and the many many extra movements due to little practical public transport and lack of local services means everything is accessed by car As well as the large amount if extra delivery vehicle moments these properties will bring

On top of this the local water supply struggles with the existing dwellings as we are on the end of the Dunmow supply service. Also electrical infrastructure is poor in the aera

Kind regards
Richard jackson
