

Electric Vehicle Charging Cable	
Aspect	Details
Images	
Alert Number	2210-0116
Product Type	Electrical appliances and equipment – Electric Vehicle Charging cable
Product Identifiers	N/A
Product Description	Black wall plugging charger for electrical vehicles
Country of Origin	China
Counterfeit	Unknown
Risk Type	Electric shock
Risk Level	High
Risk Description	The product presents a high risk of electric shock as it does not have a suitable earthing arrangement. It was considered that in order to “be of sufficient rating” the earthing conductor should allow a current of 25 A to flow for a period of 1 minute. When this test was applied, the printed track melted, emitting smoke and continuity was interrupted. The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016.
Corrective Measures	The import has been rejected at the border
Online Marketplace	eBay – The listing has been removed by the online marketplace.
Notifier	Local Authority Trading Standards
