Certification

The basic principles of certification apply and although this is not a harmonised EU level EU entry certificate, the general requirements that the EU specifies for its harmonised certificates should be followed.

10.c. It should be interpreted that the restrictions to be checked are official restrictions that may apply to the movement from the area of the animal(s) to be certified. This paragraph can be certified by the OV provided he/she has received written authority (form 618NDC) which will be sent by CIT, Carlisle.

Disclaimer: This certificate is provided based on information available at the time and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country. If these do not match, the exporter should contact the APHA Centre for International Trade, in Carlisle, see the link below.
