FULL MERITS HEARING Judgment

1. **Having heard from the first Claimant in person and from Mrs Patton for the Respondent - and on considering the documentary evidence to which I was referred - I find:**
 1. That the claims for unfair dismissal and holiday pay made by the Claimant (Ms Shorter) are not made out and are, therefore, dismissed.
 2. That the claim, joined to this as a multiple claimant under case 2301199-2022, is not properly a multiple as Mrs Adams has her own claim before the Tribunal under another case reference (2300139-2022) which is proceeding on its own course.
 3. This claim before me today (2301198-2022) was brought solely by Ms Shorter and so, to the extent necessary, I dismiss the claim under file 2301199-2022 for Mrs Adams (who has at no stage participated in, communicated on, or engaged with the claim before me today at all).
