[REDACTED]

Dear [REDACTED]

REQUEST FOR INFORMATION – INFORMATION RELATING TO THE DEATH OF WILFRED WETHERS IN WARINGSTOWN ON 20 DECEMBER 1990.

I can confirm that your request has been considered under the provisions of the Freedom of Information Act 2000 (FOI (A)), and the process is now complete.

You stated the following:

"I refer to your response to FOI 2022/02003. Under the Freedom of Information Act 2000, I wish to request copies of the following hard copy documents in relation to the murder by the IRA of Wilfred Wethers, in Waringstown, on 20 December 1990.

The following reports are requested as advised:

- ***Daily Operations Brief;***
- ***HQNI Log Sheets;***
- ***Serious Incident Report compiled by 39 Inf Bde;***
- ***WISREP***
- ***IED Report;***
- ***Any other document held in connection with this incident that can be recovered within the cost limit."***

I can confirm that the MOD holds some information relating to your request. This information has been located in a range of documents and relevant extracts of these have been provided at Annex A. Also attached at Annex B is a 3 Inf Bde Serious Incident Report, at Annex C, Armagh WISREP and at Annex D, 2/11 UDR Radio Logs. Please note that all information that is redacted using a black box represents information that has been redacted under a Freedom of Information exemption. I can confirm that there is no IED Report for this incident.

Some of the information falls within the scope of Section 26 (Defence) of the FOI(A) as its release would or would be likely to prejudice the capability, effectiveness or security of any relevant forces. Section 26 is a qualified exemption and we have conducted a public interest test to determine whether the information should be released or withheld. The factors for this public interest have determined that whilst disclosure would demonstrate openness and transparency this is outweighed by the detrimental effect disclosure would have in revealing the capabilities of military operational planning by compromising the methodologies and practices employed in the gathering and analysis of information. I have therefore concluded that the public interest supports withholding some information under Section 26.

All Police Service of Northern Ireland (PSNI) cases remain open and if new evidence comes forward the PSNI will reinvestigate. Release of these documents must be carefully considered under Section 31 (Law Enforcement) of the FOI (A). I have completed this consideration through a public interest test including consultation with the PSNI who have advised that release of some of the information could adversely impact on any investigative process, and may jeopardise any future prosecutorial process. On this basis I am withholding some of the information under Section 31 of the FOI(A).

Some of the information falls within the scope of Section 38 (Health and Safety) of the FOI(A), as its release could endanger the physical or mental health of any individual or endanger the safety of any individual.

Section 38 (Health and Safety) is a qualified exemption and we have conducted a public interest test to determine whether the information should be released or withheld. The factors for this public interest have determined that whilst disclosure would demonstrate openness and transparency this is outweighed by the detrimental effect disclosure could have on those mentioned in the documents, or their family members and friends. I have concluded that whilst disclosure may be of historical interest, the health and safety of individuals must be taken into account. Some information has therefore been redacted under Section 38 of the FOI(A).

Additionally, some of the information contained within the disclosure constitutes personal information, such as names and addresses. Under FOI(A) this information is exempt under Section 40 (2) by reason of the first condition under Section 40 (3) (a) (i), as disclosure would contravene data protection principles under the Data Protection Act 2018 (DPA 2018). This is an absolute exemption and does not require a public interest test to be conducted in order for this information to be exempt from disclosure. Therefore, all personal information has been redacted.

I appreciate that this incident took place over 31 years ago and the passage of time can be a factor in diminishing the applicability of exemptions to information. However, in this instance the passage of time is less relevant as the PSNI continue to investigate Troubles-related deaths and the overall balance is in favour of partial exemption.

If you have any queries regarding the content of this letter, please contact this office in the first instance

If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-

mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the FOI(A). Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely

38 (Irish) Brigade FOI Team

3 INF BDE SERIOUS INCIDENT REPORT 95/90
MURDER OF OFF DUTY RUC, WARINGSTOWN 20 DEC 90

Reference:

- A. Unit Incident Report 11 UDR 17/90 dated 04 Jan 91.
- B. WISREP 3 WIS NORTH/S/44/90 dated 07 Jan 91.

OUTLINE

1. At approximately 192220Z DEC 90 three masked men forced entry into [REDACTED] LURGAN which is the home of the [REDACTED] was at home and alone. The terrorists demanded the keys of the family car a blue TOYOTA Corolla VRN [REDACTED]. One terrorist remained with [REDACTED] whilst the other terrorist left the house and took the car.

2. At approximately 200002Z DEC 90 Reserve Constable WETHERS drove his black MINI VRN [REDACTED] along the WARINGSTOWN Rd and turned into the cul-de-sac leading to his home at GR [REDACTED]. As the vehicle executed the turn a number of terrorists opened fire. The MINI rolled to a standstill 20m from the turning and at least one of the terrorists approached the vehicle and fired a number of shots through the drivers side window into the victims upper torso and head. Reserve Constable WETHERS died at the scene of the incident.

3. A rapid follow up later located the hijacked vehicle burnt out at O'NEALS TERRACE, TARRY LANE, LURGAN.

4. The body of Reserve Constable Wethers was recovered from the vehicle and taken to CRAIGAVON Area Hospital. A search was made of the area and the following items of forensic interest were recovered:

- a. [REDACTED]
- b. [REDACTED]

DETAILS OF THE INCIDENT

- c. CIVILIAN NIL.

5. INT COMMENTS

a.

b.

c.

d.

e.

6. CO'S COMMENTS

a. The murder of R/Con Wethers has again clearly demonstrated the ability of the local PIRA to accurately target, and professionally attack off duty targets within their area of operations.

b. This attack was carried out despite there being 18 teams deployed in the Craigavon area that night, three of which were actually in the Kilwilkie Est.

c. The victim had been previously targeted, and had already once moved house with the Waringstown area on security grounds. He was also easily identifiable as he drove a very distinctive car.

7. Targeting has been an ongoing process in the TAOR for some considerable time. While PIRA suspects are frequently reported in various areas, it is very difficult to assess who their target might be as there are frequently a high number of SF personnel living within the areas concerned.

DETAILS OF INCIDENT.

7. On Thu 20 Dec 90 about 0002 hrs, R/Con Weathers was driving his black Mini, VRN [REDACTED]. He was returning home having just completed an evening shift in RUC Lurgan. As R/Con Weathers turned off the Waringstown Road into a cul-de-sac his vehicle came under gun fire, the vehicle came to a stand still against a hedge about twenty metres further on. The gunman then approached the vehicle, firing as he went, concluding with a volley of shots into R/Con Weathers through the drivers window. On the arrival of the RUC, the scene was cordoned and all relevant agencies were tasked.

LINKED INCIDENT/HOUSE TAKEOVER/VEHICLE THEFT.

8. At 2220hrs, 19 Dec 90 three masked men forced entry to [REDACTED] Lurgan. [REDACTED] was alone in the property, [REDACTED] was away. Two of the terrorists demanded the keys of the family car, a blue Toyota Corolla VRN [REDACTED] and left shortly after leaving one terrorist with [REDACTED]. The last terrorist left at 0040hrs. The vehicle was later discovered burnt out at O'Neals Terrace, Tarry Lane, Lurgan.

FOLLOW-UP OPERATION/ITEMS RECOVERED.

9. The body of R/Con Weathers was taken away from the scene by ambulance and conveyed to Craigavon area hospital. A cursory search of the area was conducted by SOCO. [REDACTED]

INVESTIGATORS COMMENTS

10. Waringstown is a small town situated south of Lurgan on the A 26. R/Con Weathers house is located at the end of a small cul-de-sac just off the main Waringstown Rd and is sited amongst several detached houses. The junction to the cul-de-sac is illuminated by a single street lamp situated on the opposite side of the road to the junction. This, coupled with the natural foliage around the entrance to the cul-de-sac and the surrounding bramble bushes, meant alot of deep shadow would have been cast at the time of the shooting creating ideal ambush conditions.

11. The gunman involved in the shoot had chosen their ground well. The FP had a clear line of sight down the main road and they would have seen R/Con Weathers' vehicle approaching long the road before he turned into the junction. The junction itself is a tight left hand bend leading off a narrow entrance. To negotiate the entrance R/Con Weathers would have had to slow his vehicle down to a near standstill before turning into the cul-de-sac. This would have given the gunman time to adjust his position and concealment making him invisible until the very last moment. The gunman would have been outlined in the vehicles headlights, obviously negating the chance of escape by the intended victim.

12. R/Con Weathers had been aware of targetting as he alternated vehicles available to him. His wife and son both owned cars and he used each one irregularly. [REDACTED]
