Ref. FOI 2022/08571

26 July 2022

Dear [REDACTED]

Thank you for your email of 14 July 2022 requesting the following information:

"Please could you advise the total amount of heating oil supplied to MOD sites in the most recent 12-month period for which you have records? Heating oil is a distinct product that is of course different to other fuels (diesel, etc) so I presume that it is recorded separately to other types of fuel. As this fuel is unsuitable for any other purpose than heating it is reasonable to assume that this will have been its end use. If heating oil is not separately identified please advise what categories of fuel you record."

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

A search for the information has now been completed within the Ministry of Defence (MOD) and I can confirm that all the information in scope of your request is held.

The information you have requested can be found below for the period April 2021 – March 2022:

Gas Oil A2 (Red Diesel)	14,105,810 Ltrs
Gas Oil Class D	2,301,020 Ltrs
