

To: Cheryl Avery, Senior Responsible Owner for the Asylum and Detention Accommodation Programme

From: Patricia Hayes, Second Permanent Secretary of the Home Office; and

Nick Smallwood, Chief Executive Officer of the Infrastructure and Projects Authority

18 November 2022

Dear Cheryl,

**APPOINTMENT AS SENIOR RESPONSIBLE OWNER FOR THE ASYLUM AND DETENTION
ACCOMMODATION PROGRAMME**

We are writing to confirm your appointment as Senior Responsible Owner (SRO) of the Asylum and Detention Accommodation Programme with effect from the date of this letter. This letter sets out your responsibilities to, and the support you can expect from, the Home Office and the Infrastructure and Projects Authority (IPA).

As SRO, you are directly accountable to Abi Tierney, under the oversight of the Second Permanent Secretary as Accounting Officer for the Home Office, and the Secretary of State for the Home Office

Your initiative forms part of the Home Office Portfolio, under the oversight of the Chair of the Finance and Investment Committee (F&IC) and is included in the Government Major Projects Portfolio (GMPP).

You have personal responsibility for the delivery of the Asylum and Detention Accommodation Programme and will be held accountable for the delivery of its objectives, with policy intent and outcomes expected. This encompasses securing and protecting its vision, ensuring that it is governed responsibly, reported on honestly, escalated appropriately and for influencing the context, culture, and operating environment of the initiative. You are also responsible for ensuring the ongoing viability of the initiative and recommending its pause or termination if appropriate. Where issues arise which you are unable to resolve, you are responsible for escalating these to the Portfolio Delivery Board, F&IC, and/or other HO Governance bodies as appropriate to the resolution of those issues.

You remain accountable to Ministers, as set out in the Civil Service Code, and should deliver the project in accordance with the objectives and policy intent as set by Ministers.

In addition to your internal accountabilities, SROs for GMPP projects and programmes are personally accountable to Parliamentary Select Committees. This means that, from the date of this letter, you will be held personally accountable to and could be called by Select Committees to account for and explain the decisions and actions you have taken to deliver the initiative.

It is important to be clear that your accountability relates only to implementation, within the agreed terms in this letter; it will remain for the Minister to account for the relevant policy decisions and development.

More information on this is set out in [Giving Evidence to Select Committees - Guidance for Civil Servants](#), sometimes known as the Osmotherly Rules. Information on the roles and responsibilities of the SRO are summarised in the document at Annex 1, and detailed in the IPA's guidance on [the role of the senior responsible owner](#). You should also make yourself familiar with the [Government Functional Standard for Project Delivery](#), the requirements of the Government Project Delivery Framework, and the guidance and requirements for project delivery as set by Home Office Project Delivery Framework.

Key decisions on GMPP level projects and anything which is otherwise novel, contentious or commercially sensitive, or which Ministers have asked to see must be submitted in a timely manner to the Permanent Secretary and Ministers as appropriate.

Time commitment and tenure

You will undertake this SRO role alongside your other responsibilities. You must ensure that you allocate sufficient time to fulfil the responsibilities that being an SRO entails and these are expected to take up close to 100% of your time. This will be periodically reviewed to ensure that an appropriate balance is maintained across the full range of your responsibilities.

You are required to undertake this role until achievement of programme closure, currently planned for February 2024 but to be reviewed as iterations of the business case are brought forwards for approval. Progress towards this will be reflected in your personal objectives. Any changes to the agreed time commitment or tenure of the role, as set out above, will require both Home Office and IPA consent. Consent to leave the role early will not typically be withheld but where permission is given it may be accompanied by conditions relating to handover of your accountabilities.

Please note that individuals are not normally permitted to act as SRO for more than one major programme at any one time. As such you should resist taking on any additional programmes during your tenure as SRO.

Objectives and performance criteria

The policy intent supported by this programme is to develop strategic solutions for the supply and operation of asylum accommodation and detention centres.

Any proposed changes to scope which impact upon this intent, the spending objectives or exceed Home Office tolerances for the realisation of benefits must be authorised by F&IC and may be subject to further levels of approval.

The vision of the programme is to deliver increases in both detained and non-detained bed spaces available to the Home Office, and its objectives are to:

- deliver the capability to stand up new sites and create new capacity for the asylum accommodation and detention estates;
- co-ordinate and oversee effective and timely delivery of these new sites;

- maximise opportunities to gain cost savings and operational efficiencies by working closely with related change initiatives eg Asylum Transformation and the Sovereign Borders programme, to ensure that design is aligned; and
- provide an end-to-end view of asylum accommodation estate usage to enable the Home Office to manage operational costs, risks and benefits through a flexible use of the estate.

Your personal objectives and performance criteria which relate to the programme are:

To ensure the programme is set up for success, and to visibly and actively lead it through delivery to a structured closure. To ensure that all appropriate steps are taken to ensure that the benefits forecast by the programme are realised. In particular:

- translating policy intent into clear deliverables which are established and agreed with senior stakeholders;
- carrying out a robust and commercially viable options appraisal, which balances risk with opportunity, as part of initial programme feasibility;
- establishing a firm business case for the Programme during the initiation/definition phase and ensuring that any planned change continues to be aligned with the business;
- identifying and securing the necessary investment for the Programme's business case (this includes both budget and operational resource);
- designing and implementing robust, appropriate and transparent programme governance;
- monitoring and controlling the progress of the programme at a strategic level, being honest and frank about its progress, risks and issues;
- communicating effectively with senior stakeholders regarding programme progress and providing clear, appropriate and delivery-focused decisions and advice to the Programme Director; and
- escalating serious issues quickly and with confidence to senior management.

You are expected to run your project in accordance with the [Government Functional Standard for Project Delivery](#), the other [Functional Standards](#) as applicable, and the requirements of the Government and Home Office Project Delivery Frameworks.

Performance Criteria: Timely delivery of the initiative, but also openness and pragmatism of response to risks and issues that threaten that.

DG Corporate Enablers has asked the CPO to provide feedback on performance against these criteria.

Extent and limit of accountability

Finance and Controls

HM Treasury spending controls and the Treasury Approval Point process apply to this initiative, and the details of each approval process must be agreed with your HM Treasury spending team. You should consult Home Office Portfolio colleagues on how to go about this.

The overall estimated budget, resourcing requirements and tolerances for this initiative will be agreed as part of the approval process. You will be expected to deliver within these tolerances and report quarterly on these as part of GMPP reporting.

You should operate at all times within the rules set out in [Managing Public Money](#). In addition, you must be mindful of, and act in accordance with, the specific HM Treasury delegated limits and Cabinet Office controls relevant to this initiative. Information on these controls can be found here: [Cabinet Office controls](#).

In addition to the above points you will be expected to progress this initiative in line with HM Treasury and Home Office allocations, and investment stages as agreed by F&IC. F&IC investment authorisations will be confirmed separately and will be kept under review in the light of delivery progress.

Delegated authority

You are authorised to:

- Approve expenditure up to the limits granted by F&IC plus stage tolerances described by Home Office Portfolio Change Control. Appropriate authority must be sought for expenditure which breaches tolerances. The Chief Portfolio Officer (CPO) and the Corporate Finance Director should be involved in such discussions along with the Director General of Corporate Enablers. Funding – especially underspends - must not be flexed within or between allocations without reference back to F&IC;
- Agree the rescheduling of delivery within the tolerances described by Home Office Portfolio Change Control. Exceeding these tolerances requires the agreement of F&IC and the CPO should be involved in discussions seeking such agreement; and
- Recommend to Abi Tierney and F&IC the need to either pause or terminate the initiative where appropriate and in a timely manner.

These authority limits are subject to change and other conditions or tolerances may be set as part of the business case approval and ongoing monitoring processes which you should then operate within.

You must escalate to F&IC and DG Corporate Enablers:

- Proposed changes to the programme scope which impact on the intent or its expected benefits realisation, or which have wider impacts for other programmes or projects, or for Home Office transformation more generally
- Slippage or any proposed change which materially impacts on wider Home Office objectives, including ministerial objectives, or adversely affects completion of any of the programme stages or its funding
- Issues which you are unable to resolve, including the need to either pause or terminate the programme where necessary.

Your role as SRO is a corporate responsibility and you are expected to:

- Establish and progress the programme in line with the Home Office Project Delivery Framework, ensuring the effectiveness of its governance, assurance and programme management arrangements, including:
 - Appointing, chairing and setting priorities for the Programme Board;
 - Ensuring the effectiveness and performance of the programme organisation; and
 - Ensuring appropriate first line assurance is in place backed up by the commissioning of timely assurance and audit reviews.

- Ensure that the programme is progressed according to the Home Secretary's agreed portfolio prioritisation, recognising that under some circumstances resource may need to be diverted to higher priority programmes and discussing with the CPO's team any factors which may change the priority of your programme.
- Submit the programme's business cases and other reports as appropriate to F&IC, the IPA and HM Treasury. In doing so, you will:
 - monitor the programme's status, its forecast timescales, costs and benefits and key risks and dependencies;
 - report issues openly and transparently; and
 - ensure that the programme's business cases make specific funding allocations for networks, infrastructure and cyber security, should your programme need work performed on any of these areas, base these allocations on estimates agreed with the appropriate leads in Enterprise Services, and provide the funds identified for these purposes to those leads to deliver on your behalf.
- Ensure that the programme's anticipated impacts upon business as usual operations are informing forecasts of those operations, including workforce planning and running costs.
- Lead the programme in a way which maximises delivery of shared corporate capabilities, for use across the Home Office and wider government.
- Ensure that Home Office data management principles are adopted in taking forward the programme to ensure that data is collected and stored in such a way as to enable sharing and reuse where appropriate, that it is protected in line with GDPR requirements.
- Take account of Home Office and wider government initiatives.
- Ensure that any legacy systems replaced by the programme are decommissioned as appropriate.

Appointments

Julie Fitzpatrick has been appointed as the Programme Director to support you in the management of this programme. You should make other appointments as required for the control and delivery of this initiative within your delegated authority.

Governance and assurance

As SRO, you must ensure that the programme secures business case approval from F&IC and HMT, together with all relevant spend control approvals from Cabinet Office. You should also ensure that the initiative remains within the strategic outcomes, costs, timescales, and benefits described by the latest approved business case as well as monitoring the context within which the programme is being delivered to ensure it remains valid.

Where a change impacts the scope, costs, benefits, or planned delivery milestones agreed as part of an agreed business case, you are accountable for following the Home Office Portfolio change request approval process and setting a new, approved, business case baseline.

You must ensure that an accounting officer assessment is completed no later than alongside the approval of the Outline Business Case and that this is published on GOV.UK as part of the government's transparency requirements on major projects. You are accountable for bringing to the attention of the

accounting officer any material changes in the programme which could require a new accounting officer assessment to be completed and published. [Guidance on completing accounting officer assessments](#) for major projects is available from HM Treasury.

Although you are directly accountable for this programme, you are also expected to support delivery of the Home Office's overall strategic objectives. This means that you are expected to work collaboratively with other SROs and project directors in associated projects and programmes and with the CPO and **Home Office** Portfolio and Project Delivery Directorate (PPD) to manage dependencies, resources, schedules, and funding to support delivery of the overall change the Home Office needs to achieve its strategic objectives.

You must ensure that appropriate and proportionate assurance is in place and agree on the level and frequency of assurance reviews through the maintenance of an integrated assurance and approvals plan. You should develop this plan and its maintenance in collaboration with the Departmental Assurance Coordinator and the IPA.

Programme status, reporting and transparency requirements

We note the presentations provided to F&IC in May 2022 and Oct 2022 recorded the status of the initiative at this point, and is the agreed position as you assume formal ownership of the initiative.

You are responsible for ensuring the honest and timely reporting on the position of the programme to the IPA and PPD while it remains on the GMPP. Should it be relevant to the initiative, reporting should include carbon measurement, and other sustainable development goals in accordance with evolving government policy and standards. Information on the programme will be published annually by the IPA.

As part of the government's commitment to transparency on major infrastructure projects, you are responsible for publishing on GOV.UK:

- a summary of the Accounting Officer Assessment completed in line with the approval of the Outline Business Case and summaries of any subsequent assessments should they be required;
- a summary of the HM Treasury approved Full Business Case; and
- a close out report after the programme has completed.

Development and support

As a graduate of the Major Projects Leadership Academy, you are expected to maintain your continuous professional development as a programme leader, including your status as an accredited assurance reviewer. To maintain your accreditation, you will be required to participate in a review at least once every 12 months.

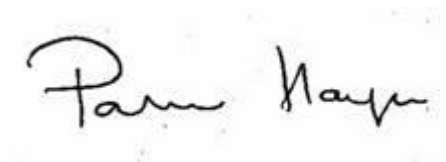

The Home Office will assist you in securing the necessary resources to support the programme, and sets via the Home Office Project Delivery Framework clear guidance, requirements and standards, which align to the [Government Functional Standard on Project Delivery](#), to enable good governance and effective delivery. You will be part of the Home Office's cohort of major project leaders who will be expected to support each other, share good practice and lessons learned and to collectively develop solutions. You should liaise with the Home Office CPO for project delivery to discuss the maintenance and development of your delivery and leadership skills.

The IPA will be available to you for support, advice, and assurance throughout the initiative's time on the GMPP.

Following approval of the business case and entry onto the Home Office Portfolio, the Portfolio Delivery Board will provide ongoing oversight and support and will take steps to help resolve and escalate risks, issues or constraints that are acting as a blocker to successful delivery.

We would like to take this opportunity to wish you every success in your role as SRO.

Yours sincerely,

PATRICIA HAYES

Second Permanent Secretary, Home Office

NICK SMALLWOOD

Chief Executive Officer, Infrastructure and
Projects Authority
