FOI2022/13005
Date:
29 November 2022

Dear [REDACTED]

I am writing about your email of 07 November 2022, requesting the following information:

any info on this vehicle would be appreciated 78kl39 . pinzgauer 716. i have just bought this vehicle and would like to return it to its in service .condition . history and maintenance records would help extremely

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOI Act).

A search for the information has now been completed within the Ministry of Defence (MOD), and I can confirm that information in scope of your request is held. This is attached, as follows:

- Annex A - Ownership History of 78KL39 (redacted)
- Annex B - Fault History of 78KL39 (redacted)
- Annex C – Inspection History of 78KL39
- Annex D – Modification History of 78KL39 (redacted)
- Annex E – Servicing History of 78KL39

It has proved necessary to withhold some information in accordance with qualified exemptions of the FOI Act. Some of the Ownership History (Annex A) relating to sensitive units with which this vehicle served has been redacted under the qualified exemptions S26(1)(a) (Defence) and Section 38(1)(a) (Health and Safety). In addition, commercially sensitive information in the Fault and Modification Histories (Annexes B and D) of 78KL39 relates to contractor repair times, which have been withheld under qualified exemption Section 43(2) (Commercial Interests). Section 43 concerns information which if disclosed would or would likely prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As these exemptions are qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the

MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

However, releasing the information redacted under Sections 26 and 38 in the Ownership History (Annex B) would divulge information that could be used to compromise the ability of UK Armed Forces to carry out operations safely by revealing information about capabilities and actions which would assist adversaries in planning attacks against personnel and equipment. This would endanger the lives of Armed Forces personnel and disrupt or limit military operations and capabilities.

The Fault and Modification Histories provide details of the time taken by MOD contractors to rectify fault reports. This data, along with previously published information, could be used to make reasonable assumptions about hourly labour rates. As market sensitive information, this could then be exploited by commercial competitors to undercut the contractor when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

DE&S Policy Secretariat
