01 December 2022
Our Reference: FOI2022/13090

Dear [REDACTED]

I am writing about your request for the following information:

"I have recently purchased an ex-mod land rover defender and i am writing to ask for any information you hold about its military service and history etc, the military registration number was HF75AA, and the chassis number is SALLDAA67VA104709, and it was delivered into service on the 04/04/1997."

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search of Ministry of Defence (MOD) records has concluded that some information is held about your vehicle and copies of the following documents are attached:

- Annex A - Fault History (Redacted)
- Annex B - Modification History
- Annex C - Service History
- Annex D - Inspection History

The vehicle transfer records are available on the Management of Equipment, Resources, and Liabilities Information Network (MERLIN) System. Section 21(1) of the FOI Act provides an exemption if the information is reasonably available by other means. The MERLIN archive was released as part of a previous FOI request and can be accessed at the Government publications website, at the following link:

<https://www.gov.uk/government/publications/foi-responses-published-by-mod-week-commencing-09-july-2018>

Some of the enclosed Fault History (Annex A), relating to commercially sensitive information, has been withheld in accordance with Section 43(2) (Commercial Interests) of the FOI Act, concerning information which if disclosed would or would likely prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As the exemption is qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release. However, reporting the time taken by MOD

contractors to rectify fault reports could be used, along with already published contractor information, to reveal market sensitive information, such as hourly labour rates, that would likely allow the company's competitors to exploit when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

Under Section 16 (Advice and Assistance) of the FOI Act, I can advise you that the MERLIN database is split into seven spreadsheets. The first has a list of vehicles, while sheets two through seven include details of where the vehicle was allocated. Details about your vehicle are listed on sheets one and six. To search for a vehicle, you will need to press Ctrl + F on your computer keyboard, then select 'Options' and then select 'Workbook' from the 'Within' drop down list. Information relevant to your request can be found by typing the vehicle registration number and pressing 'enter'.

You may wish to note that when MERLIN database was archived into its current format some data may have been lost or corrupted. You should, therefore, be cautious that some of the owner history may be inaccurate.

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely

DE&S Secretariat
