

Jeaxus Magnetic Developmental Toys, Decompression Fingertip Toy for Fidget, Boredom, Anxiety and Autism, Small magnets toy	
Aspect	Details
Images	
Alert Number	2212-0141
Product Type	Toys – Magnetic Toy
Product Identifiers	Amazon ASIN: B0B2RNDK41
Product Description	A set of multicolored magnetic balls, approximately 5mm in diameter in a small metal tin
Country of Origin	China
Counterfeit	Genuine
Risk Type	Choking
Risk Level	Serious
Risk Description	The product has been deemed unsafe due to its small parts. If a child were to put this product in their mouth, there is a potential for them to choke. Also, the magnets themselves had a magnetic flux density of 211.3 kg2mm2, higher than the maximum permitted of 50 kg2mm2. Furthermore, if the child detaches more than one magnet and the parent does not notice, the magnets may attract each other in the intestines, damaging the child's digestive system and causes internal wounds. The product does not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	OPSS is requiring the recall of the product from end users
Online Marketplace	Amazon – the listing has been removed by the online marketplace
