**How to fill in the commuted sum calculator form.**

All cells coloured yellow are to be filled in by the Applicant.

[Enter site name \(cell B2\) and date \(cell F2\) carrying out the calculation.](#)

Enter the Affordable Housing Threshold Percentage required to meet the appropriate Local Plan Policy (B4) and

[Enter the Affordable Housing the tenure split Affordable Rented \(B6\) as per the appropriate local plan policy. N](#)

[Enter the Affordable Housing the tenure split for Intermediate Housing \(B8\) as per the appropriate local plan](#)

The number of Affordable Rented and Intermediate tenure units are automatically calculated on the basis of th

If any affordable rent or intermediate units are to be provided on site, enter into the appropriate cells.

[Enter Affordable Rented Units provided on site](#)

[Enter Intermediate Units provided on site](#)

The net amount of affordable rented and shared ownership units are shown in cells B12 and B 14. The mix of u

The net amount of affordable rented and shared ownership units to be provided are input in cells B20 and B26

The Open Market Value (OMV) of each unit should be input in cells C20 and C26 for Affordable Rented and C32

[The profit level to be inputted for market housing at cell D19 should be the gross profit inclusive of marketing c](#)

Affordable Rents – the rent level per week for each unit type are to be entered in G20 to G26 as per current Loc

The yield to capitalise the Affordable Rent has been set following consultation with the Registered Providers act

[The 'equity rent' on the unsold portion of a shared ownership unit is to be input at cell G31. This information c;](#)

[The 'initial tranche' sale for shared ownership should be input at cell J31. The percentage of equity sold will ha](#)

[The calculator will calculate the affordable housing commuted sum taking into account all of the above inputs.](#)

to C38. The OMV should be the anticipated net achievable price, ie net of any discounts or marketing incentive costs as these would not apply to affordable housing. The normal range of operating profit is 15% to 20% as set out in the Valuation Manual Housing Allowance Rates for the "Broad Residential Market Area" in which the site sits as defined by the Valuation Manual. The value should not exceed 2.75% being the maximum allowed by Housing Allowance Rates for the "Broad Residential Market Area" in which the site sits as defined by the Valuation Manual. The value should not exceed 2.75% being the maximum allowed by Housing Allowance Rates for the "Broad Residential Market Area" in which the site sits as defined by the Valuation Manual. The value should not exceed 2.75% being the maximum allowed by Housing Allowance Rates for the "Broad Residential Market Area" in which the site sits as defined by the Valuation Manual.

valuation Office. This information is available on the valuation office website.
