Product Identifiers	ASIN: B0BDS1F8C7
Product Description	3 step white step ladder
Country of Origin	China
Counterfeit	Unknown
Risk Type	Injuries
Risk Level	High
Risk Description	The product presents a high risk of injuries as the uppermost tread/platform is undersized and the base width of the ladder is too small. This means that the consumer could lose their footing, making their weight unevenly distributed so the ladder could tip over, causing injury to the user. The product was also missing some required markings and the instructions do not include the load rating, meaning that a consumer could put on more weight than the product can safely support. The product does meet the British Standard and does not comply with The General Product Safety Regulations 2005.
