

## Council Tax – Required Annually

Council Tax (CT) (and Electoral Register) data is required by the NFI annually for single person discount matching. Please refer to the Council Tax Single Person Discount timetable on [GOV.UK](https://www.gov.uk) for important dates and deadlines.

To find out who should supply council tax data refer to the [data requirements](#).

### Requirements

- Data submitted should meet this data specification i.e. include all field names.
- Only current/live accounts should be extracted.
- The Unique Property Reference Number (UPRN) field should be included in your submission if it is populated or part populated.
- A date of birth field is included, but it is accepted that this is not routinely stored as it is not mandatory for charging of CT. However, if it is captured, even as an optional field, it should be included in the extraction.
- If the surname and forename fields are not fully populated, or are unpopulated, these fields will still need to be provided as they have to be mapped for the upload to be accepted. Council tax systems where this is the case will normally also include an aggregated field that holds all name details. Where this happens, the aggregated field should also be provided so it can be mapped to the 'Full name' field within the specification.
- The data extracted should relate to all CT accounts, whether or not there is a discount or exemption. Therefore, this should cover every domestic property i.e. where CT is applicable.
- The upload process involves automatic mapping of fields to the specification using field name recognition. However, if there are no field names within the extracted data, it will require the person uploading to manually map each field to the appropriate field within the specification on the NFI system. Therefore, it would be preferable to include field names within the data file if that is possible.

Field	Data Format	Comments
Council Tax account reference	Character	This should be unique
Unique property reference number (UPRN)	Character	Each UPRN should be unique. All UPRNs held should be included in the submission even if this field is not fully populated.
Title	Character	

Field	Data Format	Comments
Surname	Character	
Forename	Character	
Middle name or middle initial	Character	
Full Name	Character	Some systems (including Academy) may provide all their name details in one field i.e. title, surname, forename, middle name. Only if the surname and forename fields are not fully populated should this field be included in the extracted data
Date of birth	Date	This data is not necessarily collected but should be provided if it is

Billing address 2	Character	
Billing address 3	Character	
Billing address 4	Character	
Billing address postcode	Character	

\* **IMPORTANT** – The Discount type field contents can vary between systems but most will more than likely include the word 'SINGLE' where there is a single persons discount. The upload facility will look for this identifier so it would be worth checking that this field follows this standard.

\*\* Disregards and exemptions may vary between systems but we would expect similar to the following:

## Disregards

▪Student: suggested field entry = STUDENT
