Country of Origin	China
Counterfeit	No
Risk Type	Electric Shock and Fire
Risk Level	Serious
Risk Description	<p>The product presents a serious risk of electric shock as the shaver socket is connected directly to mains. The product should incorporate a Class II reinforced insulation isolation transformer to protect the user from electric shock in high moisture environments, which it did not. The product had also been constructed with a Class I LED driver unit and all accessible parts had not been earthed, as required.</p> <p>The product also presents a risk of fire as internal parts were covered in a wax paper masking tape, which could ignite under fault conditions. The product also requires improvements to marking, labelling and documentation.</p> <p>The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016.</p>
Corrective Measures	The authority is requiring the recall of the product from end users.
