Claimant

Ms K Annesley

v

Respondent

**Brampton Manor Salon & Tea
Rooms Limited**

Employment Judge JM Wade in chambers on 24 February 2023

JUDGMENT

The respondent's application dated 30 January 2023 to re-consider the Judgment sent to the parties on 19 January 2023 is refused.

REASONS

I consider there are no reasonable prospects of the judgment being varied or revoked. There are no reasonable prospects that the points made at paragraphs 1 to 4 of the application will result in a change to the findings and conclusions at paragraphs 17 and 29 of the reasons. Point 4 was made forcefully in written submissions (and rejected). The parties are directed to the reasons in full but in particular, as to that matter, paragraph 21.
