Subject: Planning application - Pelham Substation: s62a20220011 - land to the east

Dear Sirs

I strongly object to the proposal to construct a solar farm on the land near Pelham Substation, Maggots End Road, Manuden.

Reasons:

1. Destruction of hedgerows for wildlife 2. Decimation of rural community 3. Obliteration of valuable arable land 4. Ruination of the countryside.

Please take your solar farm to a more suitable venue Juliet Eisdell
