Subject: Objection to Solar Farm on Land East of Pelham substation, Maggots End Manuden - Application number: S62A/2022/0011

I am writing to object to the application to construct a solar farm comprising ground mounted solar arrays together with (among other things) battery storage, inverter cabins, a substation, fencing and CCTV cameras on land near Pelham Substation Maggots End Road Manuden CM23 1BJ

My name is [sally taylor insert your full name], and I live at [[REDACTED]]

The reasons for my objection are as follows:

The look of our lovely farmland

If its farming land why can solar panels be put on there, I have brought farm land from the land owners and I have been told I can't even plant garden flowers on it only hawthorn trees ect

Devaluing homes in the area I would expect

What of all the wildlife

It's plain greed by the landowner and farmer and should dismissed asap

Mr & Mrs G Taylor
