Subject: Opposing S62A/2023/0015-

Grange Paddock Ickleton Road Elmdon

I visit Elmdon every 2 weeks to stay with my parents. I have learning disabilities and have always enjoyed a walk round the village. I am very worried to hear that there is a possibility that a large housing estate will be erected opposite our house.

I am writing to strongly oppose this planning application. I think it will add too many more cars to our quiet village. Ickleton Road is very narrow in places and sometimes you need to step into the road to get round telegraph poles.

Please stop this planning application going through. It is too big!
