Subject: Objection to Solar Farm on Land East of Pelham substation, Maggots End Manuden -
Application number: S62A/2022/0011

I am writing to object to the application to construct a solar farm comprising ground mounted solar arrays together with (among other things) battery storage, inverter cabins, a substation, fencing and CCTV cameras on land near Pelham Substation Maggots End Road Manuden

The reasons for my objection are as follows:
This land is good agricultural land for food. It is a disgrace if we do not use it for that purpose.

This will industrialise an area that will never be replicated elsewhere- the place for this is on buildings not on fertile land.

Fiona Harris
