**Subject:** Objection to Solar Farm on Land East of Pelham substation, Maggots End Manuden  
- Application number: S62A/2022/0011

I am writing to object to the application to construct a solar farm comprising ground mounted solar arrays together with (among other things) battery storage, inverter cabins, a substation, fencing and CCTV cameras on land near Pelham Substation Maggots End Road Manuden CM23 1BJ

My name is Madeleine Noffki and I live at [REDACTED]  
[REDACTED] The reasons for my objection are as follows:

This country needs to be retaining farming land in order to make ourselves more self sufficient foodwise.

The Countryside and green fields are very important for both health, education and exercise. We do not need to destroy the countryside rather build these solar farms on brown field sites. The damage to the environment would be huge and I therefore object.

Madeleine Noffki
