Subject: Comments for Planning Application UTT/22/2624/PINS S62A/2022/0011

I object to this proposed development for a number of reasons, not least being the loss of useable food producing agricultural land. I am not against solar energy, but believe that brown-filed sites, or commercial rooftops would be more appropriate.

My concerns also regard the construction itself. I live in a village that already suffers from construction interference from a variety of developments, and regular road closures due to the need to connect these new properties. Additional heavy construction traffic would be dangerous to other road users, and extremely harmful to the roads themselves, which are already in poor condition.

Please do not allow this development.

Nigel Cook
