Subject: Objection to Solar Farm on land East of Pelham substation, Maggots End, Manuden
Application numberL S62A/2022/0011

I am writing to once again object to the building of the Solar Farm, as above. This is a huge industrial affair and completely inappropriate in the countryside where narrow roads make access dangerous and nearly impossible. This is prime agricultural land which should be used for producing food, That is what farmland and farmers do.

Why not use Stansted airport rooftops?

Why not use land adjacent to the Little Hadham by pass?

Sally Cantes
