Subject: Objection to Solar Farm on Land East of Pelham substation, Maggots End Manuden
Application number: S62A/2022/0011

I am writing to object to the application to construct a solar farm comprising ground mounted solar arrays together with (among other things) battery storage, inverter cabins, a substation, fencing and CCTV cameras on land near Pelham Substation Maggots End Road Manuden CM23 1BJ

My name is Virginia Tunnicliffe and I live at [REDACTED]
[REDACTED]

The reasons for my objection are as follows:

1. I ride, cycle and walk along East End Lane, which is listed as a protected lane. My views of this lovely area will be blocked and the peaceful experience ruined
2. I believe farmland should be used for farming - this is productive land. If we continue to build on farmland, we cannot hope to produce the necessary food to feed our growing population
3. In the preapplication consultation, the overwhelming feedback was that the development should not go ahead. This has been ignored. The views of local residents should be taken into account.

Virginia Tunnicliffe
