3 year review

Where are the Terms of Reference?

“These terms of reference will be reviewed at least every three years. If requested by members of the group, the terms of reference can be reviewed more regularly.”

Discussion

- Do you feel there is need to change the ToR?
- Should the ToR be amended to include details of member split, like FRAB ToR?
- We have only been meeting twice a year, but ToR states meeting will be held three times a year – should we change ToR or change our practice?
