**Subject:** "S62A/2023/0015 -Grange Paddock, Ickleton Road, Elmdon"

Dear sir/madam

I strongly object to this planning application.

It will be an infringement of the right to privacy for the dwellings opposite in Ickleton Road.

The sheer volume of construction traffic would be hazardous through the narrow village roads.

This new development will be totally out of character to the village.

Elmdon village has nothing to sustain it, no shops, no pub, nowhere to eat, and no regular viable bus service, the only one as stated in the application being the school bus offering a morning and afternoon service to and from Saffron Walden, which I had to use once and never again, I ended up having an anxiety attack, which recurred when repeatedly requested to use it, resulting in my doctor giving me exemption. This bus is only in service on school days which probably means there is nothing for approx 3 months of the year.

Regards Michael Perry
