

<b>Ring RPPL360 Fast Charge Lithium Jump Starter</b>	
<b>Aspect</b>	<b>Details</b>
<b>Images</b>	
<b>Alert Number</b>	2303-0111
<b>Product Type</b>	Hand Tools – Jump Starter
<b>Product Identifiers</b>	Brand: Ring Barcode: 5055175250151 Batch Number: 38/21 and 05/23. The batch number can be found on the underside of the unit. 
<b>Product Description</b>	The intended use of a RPPL360: <ul style="list-style-type: none"><li>• A jump starter for motorcycles, cars, 4x4s and vans</li><li>• A LED torch</li><li>• Power bank for phones and tablets</li></ul>
<b>Country of Origin</b>	China
<b>Counterfeit</b>	No
<b>Risk Type</b>	Fire
<b>Risk Level</b>	High
<b>Risk Description</b>	The product has been identified as presenting a high risk of fire. A manufacturing fault can lead to the sleeving on the battery cable being damaged by a solder pin of a component on the PCB. This creates the possibility of a short circuit and the PCB overheating. The proximity to a lithium-ion battery presents a risk of the battery igniting.
<b>Corrective Measures</b>	Consumers should immediately stop using the RPPL360 jump starter. Store the product outside, protected from water and rain. For further information contact the retailer <a href="mailto:ordering@ringautomotive.com">ordering@ringautomotive.com</a> for the up-to-date advice for obtaining a refund and disposing of the unit.
<b>Online Marketplace</b>	The product was sold via multiple online marketplaces, including Amazon and eBay.
<b>Notifier</b>	Local Authority Trading Standards
