Product Description	Bicycle stem for road cycling identifiable by the prominent silver 'V' branding on the faceplate of the stem and the forward-facing mounting bolts
Country of Origin	Taiwan
Counterfeit	No
Risk Type	Injuries
Risk Description	The affected stem seems to be prone to stress corrosion and may crack overtime. This is particularly the case in humid conditions. If the stem breaks while riding, the rider may lose control over the bicycle, fall, posing a risk of injury to the user in a crash.
Corrective Measures	Recall of the product from end users. For more information, please see: https://www.cyclist.co.uk/news/shimano-pro-vibe-alloy-stem-recall
