

Medicines & Healthcare products
Regulatory Agency

Established Medicines statistics: January – March 2023

Published April 2023

Established medicines initial licences granted - median time to determination (total elapsed days since validation) & number of applications for Jan – Mar 2023, median elapsed days for preceding 12 months, and median elapsed days rolling forwards from Jan 23

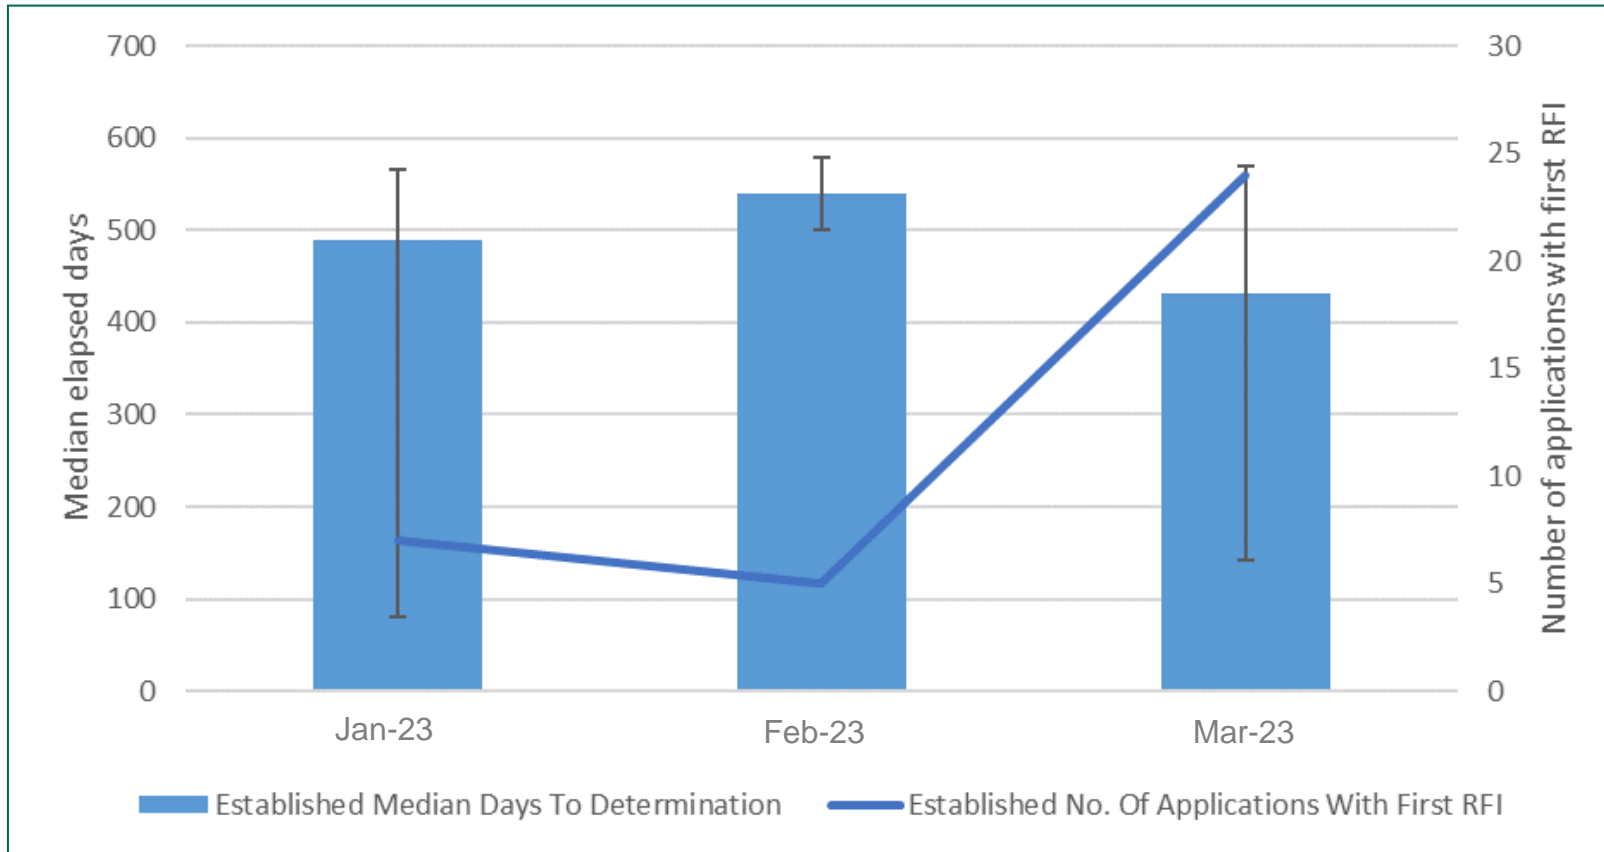

Reliance routes include ECDRP and MRDC reliance

This graph shows lines for the median elapsed days for national and reliance route granted applications for the preceding 12 months at each time point as well as the accumulative median at each time point from January 2023 onwards. The number of applications granted for each month is also shown.

This includes applications which are being worked through from the queue, which is not truly able to be trended.

Initial national licences - median time to first RFI (total elapsed days from received) & number of applications with first RFI for Jan, Feb & Mar 2023

This graph shows the median number of elapsed days from application received to first RFI.
