BMP – IMPORTERS SECTION

Template Version: BMPIMPORTERS.2023.0001

Suppliers

To add new susceptible species suppliers (not already listed below), the FHI must be contacted 5 working days in advance of any import from the new source.

Please provide all current susceptible species suppliers below (this will be reviewed annually at every inspection for accuracy), using sources not listed below will make you non-compliant with the terms of your authorisation and enforcement action will be taken. If an agent is utilised then please provide details of the agent, not the individual supplying farm.

Name & Address of Supplier	Country	Species supplied

Site Details

Answer the following providing as much detail as possible:

Site Information	Yes/ No/NA	Details
Does the site have approved compartment status?		
Site Information	Yes/ No/NA	Details
Does the site have an epidemiologically separate isolated holding facility in the event of a regulation 23 being issued? If no, please state why in the Details section.
