Forecast sale allowances are sold in April each year. They are valid for the compliance year in which they are sold and for future compliance years until the end of the CRC phase. For example allowances bought in April 2015 are only valid for compliance year 2015/16 onwards.

Click on the link “order allowances”. Please note, this link will only appear when an allowance sale window is open.

Please Note: As the current phase of the CRC scheme ends after the 2018/2019 compliance year, please be aware when purchasing allowances that BEIS has advised that participants should plan on the basis that no refunds for excess allowances will be given for excess allowances held at the end of the phase, except in the circumstances already set out in the scheme guidance.

How to Order Allowances

When you have clicked on the “order allowances” link the next screen will indicate which type of sale you are ordering allowances for

The screenshot shows the 'Order Allowances' page for the 'Forward Purchase' option. The breadcrumb trail is: Home > CRC Energy Efficiency Scheme > Allowances > Order Allowances > Forward Purchase. The main heading is 'Forward Purchase' with a green arrow icon. Below it, the text reads 'Order forward purchase allowances'.

The screenshot shows the 'Order Allowances' page for the 'Buy to Comply' option. The breadcrumb trail is: Home > CRC Energy Efficiency Scheme > Allowances > Order Allowances > Buy to Comply. The main heading is 'Buy to Comply' with a green arrow icon. Below it, the text reads 'Order buy to comply allowances'.

The screenshot shows the 'Administrative Rules' page. The breadcrumb trail is: Home > CRC Energy Efficiency Scheme > Allowances > Order Allowances > Forward Purchase. The main heading is 'Administrative Rules'. Below the heading, it says 'Required fields are marked with *'. A section titled 'Legislation requires you abide by the following rules:' contains a link for 'Administrative Rules (opens in new window)'. At the bottom, there is a checkbox with the text 'I have read and understood the above administrative rules.*' and two buttons: 'Cancel' and 'Next'.

Please ensure you have read the Administrative Rules before ticking the declaration and clicking ‘Next’. These are the same for both sales.

Please note: the prices and dates in this guide are for example purposes only

The details on this screen are the same for the Forecast sale and the Buy to Comply sale.

How to Order Allowances

The screenshot shows a web interface with a navigation menu on the left and a main content area. The navigation menu includes: Home (with a house icon), CRC Energy Efficiency Scheme (with a dropdown arrow), Allowances (with a dropdown arrow), Order Allowances (with a dropdown arrow), and Forward Purchase (with a right-pointing arrow). The main content area has a title 'Fixed Price Allowance Order Complete' and a sub-section 'Order Complete'. Below this, it states: 'Your Allowance Order has been placed and a confirmation email will be sent to your senior officer, primary and secondary contacts and account representatives.' and 'Order Reference AOR3518997516'. A green 'Close' button is located at the bottom right of the main content area.

Once payment method has been selected, you will get a confirmation of payment details with your unique order reference code.

Note: Please ensure you quote this number on all corresponding payments.

As the payment for CRC allowances is not a payment for either goods or services, an invoice will not be issued.

However, it is recognised that CRC compliance account holder accounts payable teams do require payment details to enable payments to be processed more quickly. For this reason a MoA will be issued rather than an invoice.

Important information

- ➔ Please pay the amount due as stated on the memorandum of account (MOA) so that cleared funds reach us before the date specified on the MOA.
- ➔ Please ensure you quote your CRCFP number at the start of any payment reference to ensure it is received in full.
- ➔ To comply with the CRC Order you need to surrender sufficient allowances to cover your CRC emissions by the last working day of October
