Warning

After an application for a patent has been filed, the Comptroller will consider whether publication or communication of the invention should be prohibited or restricted under section 22 of the Patents Act 1977. You will be informed if it is necessary to prohibit or restrict your invention in this way. Furthermore, if you are resident in the United Kingdom and your application contains information which relates to military technology, or would be prejudicial to national security or the safety of the public, section 23 of the Patents Act 1977 prohibits you from applying for a patent abroad without first getting written permission from the Office unless an application has been filed at least 6 weeks beforehand in the United Kingdom for a patent for the same invention and either no direction prohibiting publication or communication has been given, or any such direction has been revoked. Until such time or until the revocation of any direction, for any such application the address for service referred to at part 4 above must be in the United Kingdom.

In all other cases, the name of the applicant will be published online shortly after we receive your application, together with the title of the invention. Later, when the whole application is published, most information and documents filed in relation to the application will become publicly available online. **The name and address of the applicant, the agent, and the address for service will be published on our website and are likely to appear in external search engine results.** You should provide a business or PO Box address if you do not want your home address published online.

Although you may have an address for service in the Channel Islands or Gibraltar, any agent you appoint to act for you must reside or have a place of business in the United Kingdom, the Isle of Man or the European Economic Area.
