

<b>High Pressure Air Compressor</b>	
<b>Aspect</b>	<b>Details</b>
<b>Images</b>	No image available
<b>Alert Number</b>	2303-0013
<b>Product Type</b>	Electrical appliances and equipment - Compressor
<b>Product Identifiers</b>	ASIN: B07MYZRKDQ
<b>Product Description</b>	High pressure air compressor used for air rifles and other situations where very high pressure is required
<b>Country of Origin</b>	China
<b>Counterfeit</b>	Unknown
<b>Risk Type</b>	Electric shock
<b>Risk Description</b>	The product presents a serious risk of electric shock as the product is powered by the mains 240v via a mains cord. The product requires a water-cooling pump to prevent overheating. The water-cooling pump is 240v and gets its power from a cord which plugs into a male socket on the main unit. This socket is live when the main unit is plugged in. The use of a male socket, rather than female socket, means there are accessible live parts. The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016.
<b>Corrective Measures</b>	The authority is requiring the recall of the product from end users
