To: Section 62A Applications <section62a@planninginspectorate.gov.uk>

Subject: Planning no.S62A/2023/0017

I object to this application .it has been refused a number of times by the local councils and would creat problems with traffic in an area that already experiences severe delays and is clearly at capacity already. It would also add to an area that already has pollution issues . This area is not the place to place a commercial site with so many vehicle movements .
