Species (Scientific name)	Approval number of establishments / Manufacturing plant	Batch number

Part II. Certification

Animal Health

I, the undersigned official veterinarian, declare that I have read and understood the requirements of the relevant GB regulations and certify that the blood products described in Part I of this certificate consist of blood products that satisfy the health requirements below:

AH/E109 Establishment requirements

have been prepared and stored in a plant and supervised by the competent authority, exclusively with the following animal by-products as set out in the notes for completion: (*)[A] (*)[B] (*)[C] (*)[D] (*)[E] (*)[F] (*)[G];

AH/E302 Establishment requirements (slaughterhouse)

the blood, that these products were manufactured from, was collected in slaughterhouses approved in accordance with GB regulations, in slaughterhouses approved and supervised by the competent authority of the country of collection or from live animals in facilities approved and supervised by the competent authority of the country of collection;

AH/P007 Product requirements (segregation)

has undergone all precautions to avoid contamination with pathogenic agents after treatment;

AH/P151B Product requirements

consist exclusively of blood products not intended for human or animal consumption;

II.a. Certificate reference no.	II.b.
---------------------------------	-------

AH/P509 Packaging and labelling

the products were:

- (^o) **EITHER** [packed in new or sterilised bags or bottles;]
- (^o) **OR** [transported in bulk in containers or other means of transport that were thoroughly cleaned and disinfected with a disinfectant approved by the competent authority before use;]

and the outer packaging or containers bear labels indicating 'NOT FOR HUMAN OR ANIMAL CONSUMPTION';

AH/P550B Storage

the end product was stored in enclosed storage;

AH/P701 Product requirements

(^o) [in the case of blood products derived from *Artiodactyla*, *Perissodactyla* and *Proboscidea* including their crossbreeds, other than *Suidae* and *Tayassuidae*, the products have undergone one of the following treatments, guaranteeing the absence of pathogens of foot-and-mouth disease, vesicular stomatitis, rinderpest, peste des petits ruminants, Rift Valley fever and bluetongue:

- (^o) **EITHER** [heat treatment at a temperature of 65°C for at least three hours, followed by an effectiveness check;]
- (^o) **AND/OR** [irradiation at 25 kGy by gamma rays, followed by an effectiveness check;]
- (^o) **AND/OR** [change in pH to pH 5 for two hours, followed by an effectiveness check;]
- (^o) **AND/OR** [heat treatment of at least 80 °C throughout their substance, followed by an effectiveness check;]

AH/P702 Product requirements

(^o) [in the case of blood products derived from *Suidae*, *Tayassuidae*, poultry and other avian species, the products have undergone one of the following treatments guaranteeing the absence of pathogens of the following diseases: foot-and-mouth disease, vesicular stomatitis, swine vesicular disease, classical swine fever, African swine fever, Newcastle disease and highly pathogenic avian influenza, as appropriate to the species:

- (^o) **EITHER** [heat treatment at a temperature of 65°C for at least three hours, followed by an effectiveness check;]
- (^o) **AND/OR** [irradiation at 25 kGy by gamma rays, followed by an effectiveness check;]
- (^o) **AND/OR** [heat treatment of (^o) [at least 80°C for *Suidae/Tayassuidae*] and (^o) [at least 70°C for poultry and other avian species] throughout the substance of the product, followed by an effectiveness check;]

AH/P703 Product requirements

(^o) [in the case of blood products derived from species other than those listed in AH/P701 or AH/P702, the products have undergone the following treatment (*please specify*):;]

Public Health

PH/D011A Bovine spongiform encephalopathy (BSE)

the products described in Part I

- (^o) **EITHER** [come from other ruminants than bovine, ovine or caprine animals;]
- (^o) **OR** [come from bovine, ovine or caprine material:
 - (^o) **EITHER** [(a) derived from animals that were born, continuously reared and slaughtered in a country or region with a negligible BSE risk as set out in a document published on GOV.UK in accordance with GB regulations;]
 - (^o) **OR** [(b) that does not contain and is not derived from:

Treated blood products (BP-T)
GBHC503

II.a. Certificate reference no.	II.b.
---------------------------------	-------

- (i) specified risk material and mechanically separated meat, in compliance with GB regulations;
- (ii) animal by-product or derived product obtained from animals which have not been killed in compliance with GB regulations in regards laceration of certain tissues after stunning;]]

(*) Keep as appropriate.

Official Veterinarian / Official Inspector

By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.

Name (in capital letters):

Qualification and title:

Date:

Signature:

Stamp:

Part III. Notes for completion

These notes for completion must be read and understood by the certifying officer before signing the certificate. Notes are set out in sections that correspond to the sections in the certificate. By signing this certificate, certifiers are verifying that the consignment meets the requirements set out in the certificate and any relevant corresponding notes for completion.

These notes do not need to be printed as part of a paper certificate that accompanies the consignment or in any electronic copy of the certificate.

References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018) and can be viewed on the UK legislation website (legislation.gov.uk).

References to Great Britain in this certificate include Channel Islands and Isle of Man.

References to GB requirements refer to the requirement(s) of Great Britain as set out in the accompanying notes for completion.

Part I

- Box reference I.6: *Person responsible for the consignment in Great Britain*: this box is required to be filled in only if it is a certificate for a commodity to be transited through Great Britain; it may be filled in if the certificate is for a commodity that is to be imported into Great Britain.
- Box reference I.11 and I.12: *Approval number*: the registration number of the establishment or plant, which has been issued by the competent authority.
- Box reference I.12: *Place of destination*: this box is to be filled in only if it is a certificate for transit commodity. Products in transit may only be stored in free zones, free warehouses and custom warehouses.
- Box reference I.15: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship) is to be provided. In the case of unloading and reloading, the consignor must inform the border control post of the point of entry into Great Britain.
- Box reference I.19: Use the appropriate Harmonized System (HS) code under the following headings: 05.11, 30.02, 35.02 or 35.04.
- Box reference I.23: For bulk containers, the container number and the seal number (if applicable) must be included.
- Box reference I.25: *Technical use*: any use other than feeding of farmed animals, other than fur animals, and the production or manufacturing of pet food.
- Box reference I.26 and I.27: Fill in according to whether it is a transit or an import certificate.
- Box reference I.28: *Species*: select from the following: *Aves, Ruminantia, Suidae, Mammalia* other than *Ruminantia* or *Suidae, Pesca, Reptilian*.

Part II

Animal Health

By signing this certificate, you, the official veterinarian, are certifying that you have read and understood Regulation (EC) No 1069/2009, and in particular Article 8(c) and Article 8(d) and Article 10 thereof, and Commission Regulation (EU) No 142/2011, and in particular Chapter II of Annex XIV thereto.

AH/E109 Establishment requirements

One or more options can be selected.

- A:** Blood of slaughtered animals, which is fit for human consumption in accordance with retained EU law, but is not intended for human consumption for commercial reasons.

Treated blood products (BP-T)

GBHC503

- B:** Blood of slaughtered animals, which is rejected as unfit for human consumption in accordance with retained EU law, but which did not show any signs of diseases communicable to humans or animals, derived from carcasses that have been slaughtered in a slaughterhouse and were considered fit for human consumption following an ante-mortem inspection in accordance with retained EU law.
- C:** Blood of slaughtered animals, which did not show any signs of diseases communicable to humans or animals, obtained from animals that have been slaughtered in a slaughterhouse after having been considered fit for human consumption following an ante-mortem inspection in accordance with retained EU law.
- D:** Blood and blood products derived from the production of products intended for human consumption.
- E:** Blood and blood products originating from live animals that did not show clinical signs of any disease communicable through that product to humans or animals.
- F:** Animal by-products which have been derived from animals which have been submitted to illegal treatment as defined in Article 1(2)(d) of Council Directive 96/22/EC or Article 2(b) of Council Directive 96/23/EC.
- G:** Animal by-products containing residues of other substances and environmental contaminants listed in Group B(3) of Annex I to Directive 96/23/EC, if such residues exceed the permitted level laid down in retained EU law or, in the absence thereof, in national legislation.

AH/E302 Establishment requirements (slaughterhouse)

GB legislation refers to the approval in accordance with retained EU law.

AH/P007 Product requirements (segregation)

No further notes for completion.

AH/P151B Product requirements

No further notes for completion.

AH/P509 Packaging and labelling

No further notes for completion.

AH/P550B Storage

No further notes for completion.

AH/P701 Product requirements

No further notes for completion.

AH/P702 Product requirements

No further notes for completion.

AH/P703 Product requirements

No further notes for completion.

Public Health

PH/D011A Bovine spongiform encephalopathy (BSE)

The products described in Part I of the certificate:

EITHER are derived from other ruminants than bovine, ovine or caprine animals.

OR are derived from bovine, ovine or caprine animals, and do not contain and are not derived from:

- EITHER** (a) bovine, ovine and caprine materials other than those derived from animals born, continuously reared and slaughtered in a country or region classified as posing a negligible BSE risk as set out in a document relating to 'BSE risk status' published on GOV.UK, in accordance with Regulation (EC) No 999/2001^(†);

Treated blood products (BP-T)
GBHC503

OR

(b) the following:

- (i)** specified risk material as defined in point 1 of Annex V to Regulation (EC) No 999/2001 of the European Parliament and of the Council and mechanically separated meat obtained from bones of bovine, ovine or caprine animals, except from those animals that were born, continuously reared and slaughtered in a country or region classified as posing a negligible BSE risk as set out in a document relating to 'BSE risk status' published on GOV.UK, in accordance with Regulation (EC) No 999/2001^(‡), in which there have been no indigenous BSE cases.
- (ii)** animal by-product or derived product obtained from bovine, ovine or caprine animals which have been killed, after stunning, by laceration of the central nervous tissue by means of an elongated rod-shaped instrument introduced into the cranial cavity, or by means of gas injected into the cranial cavity, except for those animals that were born, continuously reared and slaughtered in a country or region classified as posing a negligible BSE risk as set out in a document relating to 'BSE risk status' published on GOV.UK, in accordance with Regulation (EC) No 999/2001.^(‡)

^(‡) A document relating to the 'Bovine Spongiform Encephalopathy (BSE) risk status' of approved trading partners published by the Secretary of State, with the consent of the Scottish and Welsh Ministers, can be found at:
