Dear Sirs

I am writing to strongly oppose the approval of the planning application submitted by Wren. The destruction caused already to this site has been painful to witness but the key issue is the unsuitability of the location. The junction is already struggling to serve the community who have endured unsustainable development without the infrastructure needed for years. Any slight issue on the road causes miles of tailbacks as this is the only place for the many thousands of residents of Takeley and nearby villages to cross the M11. The area where the site is proposed will just not be able to cope with the increased traffic, I also feel for the residents who have chosen to live rurally only to find another one of our green spaces torn up and concreted over for profit.

Yours faithfully

Gemma Jackman
