To: Section 62A Applications <section62a@planninginspectorate.gov.uk>

Subject: Location: LandTilekiln Great Hallingbury

The planning application for the above site should be refused , as a logistics facility on this site would invade the privacy of local residents, and cause traffic problems for the roads around the M11 roundabout at junction 8 . A logistics site belongs on an already designated commercial site and not near a residential area. Vehicles would probably be operating on a 24 hour basis , coming and going from any depot built there disturbing local residents.

Mel. Millenbach. (ex transport contractor).
