Dear Sirs

As residents of [REDACTED] we wish to register our strong objection to the above application.

This small village will be adversely affected by extra traffic and pollution. This is a residential area unsuited to industrial operation. There is very little pavement, so residents will be at increased risk of injury from traffic accidents.

The site is within the Countryside Protection Zone & local flora/fauna & wildlife will suffer.

This will fundamentally alter the life of this quiet village.

Yours sincerely  
Carolyn Brown & Wesley McGhee
