| Aspect | Details |
| Images |  |
| Alert Number | 2304-0017 |
| Product Type | Electrical appliances and equipment – mole remover laser pen |
| Product Identifiers | ASIN: B09MB6MDN6 FBA15G9H7C82U000006 |
| Product Description | Mole removal laser with charger and plug. |
| Country of Origin | China |
| Counterfeit | No |
| Risk Type | Burns |
| Risk Level | Serious |
| Risk Description | The product presents a serious risk of burns as the pen's power ranged from 0.4W to 1.2W, meaning the laser's output is similar to medical-grade lasers in Class 3B and Class 4. Due to this power output, it would mean the user could burn their skin on use or cause potential damage to sight when looking at the laser without eye protection. The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016. |
| Corrective Measures | The import has been rejected at the border and destroyed. |
| Online Marketplace | Amazon – The listing has been removed by the online marketplace. |
| Notifier | Local Authority Trading Standards |
