Subject: Planning Application ref S62A/2023/0016

Dear Sirs

Please find below a copy of my objection to the above planning application that I sent to Uttlesford Planning Department under its previous reference.

The reasons for my objection remain the same. Weston Homes are clearly a very arrogant organisation if they think that failed appeals don't apply to them!

Yours sincerely

Paul Learner

Subject: Application UTT/22/3126/FUL Erection of 40 dwellings etc Jacks Lane, Smiths Green, Lane, Takeley

Dear Sirs

I wish to express my disapproval of the proposed development for 40 nr dwellings at Jacks Lane, Takeley.

This is part of the recent Weston Homes application that was dismissed on appeal some 6 months ago?

Surely the reasons as to why this proposed development was rejected are still valid?

Taking into account the ill feeling the previous application created, it suggests to me that Weston Homes have a total disregard for the residents of Takeley and are clearly a company without shame.

I find this application not only frivolous but extremely underhand and should be dismissed like their previous attempts to further blight the local countryside.

Yours Sincerely

Paul Learner
