1. Bishops Cleeve town/area is frequently gridlock, with sheer volume of traffic, and the amount of residential building in progress will make this situation worse.
2. Country lanes and villages are totally unsuitable for HGV traffic. Which cause road damage, noise and pollution.
3. The proposed site is within a Countryside Protection Zone.
4. We are being urged to cut pollution, and takes steps to save the environment and the planet. This proposal will not help!

I confirm that I have requested my application be sent to PINS by someone on my behalf as I am unable to submit online. These will be scanned and sent to the case officer and the originals will be sent to PINS on my behalf. I further confirm that the views are my personal views.
