**Subject:** RE: Land at Tilekiln Green, Stansted, Great Hallingbury S62A/2023/0017

Dear Mark

I have now received confirmation from the applicant's highway consultant that they will not be seeking to use the longer articulated HGV and trailer combinations permitted following the change in legislation on 31<sup>st</sup> May 2023 and therefore will have no issue with a condition limiting the size of vehicle accessing the site being applied as contained in the highway authority consultation response.

It is my intention to attend the hearing scheduled for 13 July 2023 to support Uttlesford District Council and the Inspector. I do not plan to speak but shall be available if clarification on highway matters is required.

Thank you.

**Matthew Bradley | Strategic Development Manager (North)**
