

Notice of the Tribunal Decision

5908.53

Rent Act 1977 Schedule 11

Address of Premises

Flat 2 Royal Avenue House, 1 Royal Avenue, London, SW3 4QD

The Tribunal members were

Mr R Waterhouse FRICS and Mr Naylor MRICS FIRPM

Landlord

Northumberland and Durham Property Trust - at date of application
Dr Joseph Elmaleh – at date of determination

Tenant

Mr Andrew Fforde-Wilton

1. The fair rent is

£5908.53

Per

Quarter

(excluding water rates and council tax but including any amounts in paras 3&4)

2. The effective date is

2nd June 2023

3. The amount for services is

£616.53

Per

Quarter

4. The amount for fuel charges (excluding heating and lighting of common parts) not counting for rent allowance is

n/a

Per

n/a

negligible/not applicable

5. The rent is/is not to be registered as variable.

6. The capping provisions of the Rent Acts (Maximum Fair Rent) Order 1999 apply (please see calculation overleaf).

7. Details (other than rent) where different from Rent Register entry

The landlord changed on 24th March 2023 to Dr Joseph Elmaleh

8. For information only:

The fair rent to be registered is the maximum fair rent as prescribed by the Rent Acts (Maximum Fair Rent) Order 1999. The rent that would otherwise have been registered was £ 8037.43 per quarter including £ 616.53 per quarter for service charge.

Chairman

R Waterhouse
FRICS

Date of decision

2nd June 2023

MAXIMUM FAIR RENT CALCULATION

LATEST RPI FIGURE	X		372.8			
PREVIOUS RPI FIGURE	Y		295.4			
X	372.8	Minus Y	295.4	= (A)	77.4	
(A)	77.4	Divided by Y	295.4	= (B)	0.2620	

First application for re-registration since 1 February 1999 YES/NO

If yes (B) plus 1.075 = (C)					
If no (B) plus 1.05 = (C)	1.312				
Last registered rent*	4033.40	Multiplied by (C) =	5291.82		
<i>*(exclusive of any variable service charge)</i>					
Rounded up to nearest 50p =	5292.0				
Variable service charge	YES / NO				
If YES add amount for services	616.53				
MAXIMUM FAIR RENT =	£5908.53	Per	Quarter		

Explanatory Note

1. The calculation of the maximum fair rent, in accordance with the formula contained in the Order, is set out above.
2. In summary, the formula provides for the maximum fair rent to be calculated by:
 - (a) increasing the previous registered rent by the percentage change in the retail price index (the RPI) since the date of that earlier registration and
 - (b) adding a further 7.5% (if the present application was the first since 1 February 1999) or 5% (if it is a second or subsequent application since that date).

A 7.5% increase is represented, in the calculation set out above, by the addition of 1.075 to (B) and an increase of 5% is represented by the addition of 1.05 to (B).

The result is rounded up to the nearest 50 pence.
3. For the purposes of the calculation the latest RPI figure (x) is that published in the calendar month immediately before the month in which the Tribunal's fair rent determination was made.
4. The process differs where the tenancy agreement contains a variable service charge and the rent is to be registered as variable under section 71(4) of the Rent Act 1977. In such a case the variable service charge is removed before applying the formula. When the amount determined by the application of the formula is ascertained the service charge is then added to that sum in order to produce the maximum fair rent.
